There are also authentic masterpieces here (less than a fifteen minute walk from the **Hotel Convitto della Calza**): The Church of the **Santo Spirito** facing the characteristic piazza of the same name, the work of Brunelleschi, is one of the most beautiful and important of the city and the Renaissance; as are the frescoes of Masaccio in the **Brancacci Chapel** of the **Church of the Carmine**, also 10 minutes by foot from the hotel. Also not to be missed, the Deposition of **Pontormo**, a masterpiece of Mannerism, in the Church of Santa Felicita, very near the Ponte Vecchio. At Via Romana no. 17 (8 minutes on foot from the **Convitto della Calza** conference center) there's the **La Specola Museum**, the ancient Imperial Royal Museum of Physics and Natural History of Pietro Leopoldo di Lorena (1775) that houses interesting and curious collections of natural objects and wax models.
